NOC Date: Citizen Complaint: NO Multimedia Inspection: NO Sampling: NO Not Subtitle C: NO Day Zero: 08/05/2016 Focus Area:

Eval. Notes: On August 5th 2016, I (Brian Veit) performed a standard compliance inspection at Independence Chemical Company (D.B.A. INDCO Inc.), which is located at 511 Essex Street in Gloucester City, NJ. INDCO manufactures and distributes cleaning products and has been in operation at this location since 1959. INDCO purchases concentrated cleaning chemicals (both liquid and powder form) then they dilute them to customer specifications using one of their twelve mixing vats. INDCO has been issued EPA ID # NJR986631455 for this location. On this date, I met with Frederick Binter Jr. (President) who escorted me throughout the grounds. INDCO generates hazardous waste via an annual excess inventory audit, in which the inventory is reviewed and any excess or expired materials are consolidated, profiled and disposed of with assistance from Chemcare (a Univar Company-Fairfield, NJ). At the time of the inspection, no hazardous waste present due to the most recent excess inventory audit occurring in 2/16/16. During this event, 100 lbs. of waste (hazardous waste code-D001) was disposed of. INDCO was given compliance assistance packet and a brief verbal summary of the hazardous waste requirements was given. INDCO is currently operating as a conditionally exempt small quantity generator (CESQG) at this location. No hazardous waste violations were observed.

No Linked Violations
